Technical Bulletin - April 2009

VKBA 6537

Front Wheel : Mercedes Benz E-Class (W211, S211)

Seal with integrated magnetic ABS included in the kit – handle with care

In VKBA 6537 a loose seal with a magnetic ABS integrated into the sealfinger is included. This is not shown in the kit content in the Wheel bearing Catalogue. This seal has to be handled with care and not exposed to other magnetic objects. This will destroy the magnetic fields and the ABS on the vehicle will not function in a proper way.

## VKBA 6537

Component	Quantity
Bearing	2
Seal (with magnetic ABS integrated)	1
Oil Seal	1
ABS Ring	1

Seal with integrated magnetic ABS
